
Violin Bridge Template

fitting a fine bridge to a professional quality instrument ... - projections. eventually, you will want to have a sample template for each nominal size of all the instruments in the violin family. the sample bridge template will allow you to predict with relative accuracy the compensations that must be made when cutting the bridge blank so that you can adjust for any irregularities unique to the **first violin template - rhiannon nachbaur** - make sure the material is large enough for the entire violin image. 3. following the dotted lines around the violin image, carefully cut the cardboard or cardstock using scissors. the result from this step will be you template for use in step 4 and the final layer in step 6. 4. place the template created in step 3 on a piece of thick corrugated **templates and the form - michael darnton violin maker** - templates and the form the shape of the body of the violin is defined by the form. this is certainly not the only way to build a violin. the old english makers started with an outline drawn on the plank for the back, and built upwards from there. the older dutch and french makers who **layout & routing templates electric guitars** - 3/4 violin 3/4 cello cello violin makers template set all of the essential templates for bridge shape, fingerboard radius & string spacing for nut and bridge. 55.00 17 piece set 1/8" clear acrylic templates 11 layout & routing templates electric guitars **table of useful measurements** - string clearance at nut about 1/3 the string diameter (but not less than about 0.25 for violin or 0.55 for cello) string 2 angle over bridge, degrees 158 158 158 153 148 string groove depth at nut and bridge about 1/3 the string diameter string groove width at nut and bridge about the string diameter bridge thickness at strings 1.3 1.4 1.5 2.6 4.5 **violin and cello bridges - maestronet** - violin and cello bridges by r. w. parr many peculiar things are shown in the writings of violin critics and violin makers of the present day. and one of the oddest is the fact that they dismiss the bridge with "stradivarius perfected the bridge." as to the bass bar, the average violin maker will tell how the present high pitch necessitated ... **violin repair and set up - paul noulet | luthier** - violin repair and set up optimising sound production when sam asked me to give a talk i was thinking about how, as violin makers, we can get the best sound from any given instrument. in other words, how can we change or adjust different parts of the instrument in order to affect the sound quality as we wish. **setup - michael darnton violin maker** - --michael darnton/violin making/setup-- even smaller, if necessary. that i mention this option in passing should not be taken that this is commonly done—only that it may be, for instance, the way to save reaming a peg hole up to the next shaper hole size on an old violin, or on a new one where you've inadvertently reamed too deeply.
