
Vsam Optimization Design Eugene

performancetuning service for mainframe mips - hexaware - any optimization initiative that uses major design changes (including functional redesign) and is critically analyzed for full impact is risk prone. and the optimization through local program changes to avert structural inefficiencies and through validation/optimization of environmental factors has **cobol and pl/i issues and techniques - le performance tips** - performance tips for cobol and pl/i: topics run-time tips are good for cobol and for pl/i coding specifics are for cobol this presentation assumes good application design your biggest improvements are made in application design example: you should eliminate i/o requests through design changes before trying to make each request faster **algorithms for cooperative multisensor surveillance** - algorithms for cooperative multisensor surveillance robert t. collins, alan j. lipton, hironobu fujiyoshi, and takeo kanade, fellow, iee invited paper the video surveillance and monitoring (vsam) team at carnegie mellon university (cmu) has developed an end-to-end, multicamera surveillance system that allows a single human **the swami's performance methodology ideas - epix** - the swami of vse/vsam colorado springs the jargon of vsam, file systems and performance ... better program design better program coding (or optimization) and the processing required by the critical job is not being done i/o operations (and the cpu time to manage them) that could be avoided **cics mobile and json - share** - - data access logic - vsam, db2, ims, ... provides a framework for reuse and facilitates separation of concerns, clear interfaces, ownership, and optimization presentation/ connectivity: - 3270 device - web browser - rest service - web service - mq cics ts client integration logic data access business function p i d business rules logic b **cics high availability overview - ibm** - •ras characteristics built into core design •sysplex •backbone of highly available infrastructure •cics •premier transaction processing system on platform •reliability, availability, scalability designed into product •data •db2, vsam, mq •security •protecting systems / data from unauthorised access •applications **the swami's performance methodology ideas** - the swami of vse/vsam chattanooga tennessee the jargon of vsam, file systems and performance the topic of performance can mean many things to many people speed -- how fast is the cpu -- often referred to as mips mips -- "meaningless indicator of processor speed" unless the architecture and workload used for measurement are defined **approaches to optimize batch processing on z/os** - community of practice for performance and capacity and led the ibm team that published the . approaches to optimize batch processing on z/os ibm. approaches to optimize batch processing on z/os. approaches to optimize batch processing on z/os **optimal design of an electricity network with a community ...** - optimization optimal design of an electricity network with a community energy storage device autor : felipe garrido lucero advisors : olivier beaudea cheng wanb aresearch - engineer, electricit e de france (edf) bpostdoctoral researcher, d epartement de math ematiques universit e paris-sud and dyo-gene research team inria, paris. april ... **ibm enterprise cobol version 4 release 2 performance tuning** - ibm enterprise cobol version 4 release 2 performance tuning march 15,2010 r. j. arellanes ibm corporation software group 555 bailey avenue san jose, ca95141 disclaimer the performance considerationscontained in thispaper were obtained by runningsample programs in a **enterprise data warehouse optimization - ibm** - ibm can address your offloading and optimization projects by providing complete solutions at massive scale. ibm offers design, methodology, software and hardware components and uses tool-based automation to decrease time-to-value, provide repeatable processes and increase quality while lowering your risk and cost. **big data platforms, tools, and research at ibm - nist** - big data platforms, tools, and research at ibm ed pednault cto, scalable analytics ... • workload optimization and scheduling • security and governance . big data platform - hadoop system ... vsam ims idmsmysql datacom/db rd party adapters: c-isam d-isam ds mumps enscribeunidata focus **ibm z/vse v4.3 in modern solutions with linux on system z** - ibm z/vse v4.3 in modern solutions with linux on system z 10 (1) web interaction : large scalable, dynamic web integration - browser gui, modernization and integration (2) data optimization : fast effective decisions with bi - common enterprise data pool with data warehouse (dw) and business intelligence (bi) **ibm cics performance series: cics ts for z/os v5 ...** - international technical support organization ibm cics performance series: cics ts for z/os v5 performance report march 2018 sg24-8298-01
